

Internship Program

Our school

In Tenidiomas we have a program that will provide you with the opportunity to acquire work skills whilst improving your level of Spanish and at the same time experience Spanish culture to the full.

We offer two similar programs. For the student who wishes to obtain professional experience, we will help you find a company which best meets your profile. If, on the other hand, a group of students want to have their first contact with the professional world and learn about the Spanish work environment, we have another program for groups based on technical visits to companies

Included in the price

- Placement test & tailor made lesson plan
- Course material
- Welcome pack & Free city tour
- Access to library and student area
- Assistance the entire stay
- Emergency phone.
- Wifi connection
- Certificate of attendance
